

I'll Be Back

Yungen

Hey, you know there's that one girl right
No matter how much times you go around and you fuck about, you always end up
running back
Yeah
Hey

It feels like we haven't spoke in ages
But when time passes, everybody changes
Tryna find the one but I ain't got the patience
Looking for the right girl in all the wrong places
Yeah, we chasing girls on the net
Beautiful but she ain't really got self-respect
With all them guys hollering and falling up her head
She gon' love it, what the hell do I expect
All these young girls, they be fucking up their lives before they live it
Spit a little game and she ain't thinking twice to give it
Eh, but now she got regrets
Being treated like shit is something nobody forgets
Too many Rihannas, not enough Karrueches
I'm just tryna find you before I lose me
And I don't know if that makes any sense
But every time her heart pounds, I feel I need to add my pence
And I'm back..

I'm running around, always on the go
Hardly around to see you any more
It's only for now, so you won't be alone
No, you won't be alone
I'll be back, back, back
I'll be back, back, back for ya
I'll be back, back, back
I'll be back, back, back for ya

So I'm caught between business and pleasure
Still digging for them little things I treasure
The way you whine, there ain't nobody fresher
And yeah I wanna press ya but I don't want the pressure
Cause I ain't into all the headaches and the drama
And I ain't tryna run into the karma
So I'm tryna fight my heart with my head
Cause I hate sleeping alone but I hate to share my bed
And I'm tryna keep to everything I said
Cause what's a promise if a promise isn't kept
Hypocrite because I claim to want a missus
But I end up the one that's always missing
Then I'm back..

I'm running around, always on the go
Hardly around to see you any more
It's only for now, so you won't be alone
No, you won't be alone
I'll be back, back, back
I'll be back, back, back for ya
I'll be back, back, back
I'll be back, back, back for ya

Said I'll be back

Yeah I'll be back
For any time that we ever went off track
Yeah, every time that I slipped you out my back
Yeah, so now we're gonna relax
Said I'll be back
Yeah I'll be back
For any time that we ever went off track
Yeah, every time that I slipped you out my back
Yeah, so now we're gonna relax

I'm running around, always on the go
Hardly around to see you any more
It's only for now, so you won't be alone
No, you won't be alone
I'll be back, back, back
I'll be back, back, back for ya
I'll be back, back, back
I'll be back, back, back for ya
