

On A Wave

Yungen

Na we ain't smoking weed, but I've got that Henny in my cup
Lightie in my bed and she down to give it up
I'm with some G's, P's up tryna get a nut
We gon' make it through the night with a little bit of luck
We on a wave, wave, wave
Man we be on a wave, wave, wave
Man we be on a wave, wave, wave
Eat like a king when you work like a slave
Man we be on a wave

Mm, Henny in that red cup
Drink driving, tryna get my bread up
It ain't never cool running into feds, screaming "Sanka you dead?" I've got
that dread lock
Little lightie ain't all my style
Sipping JD, oh I think she like me
Frisky but I ain't into wifeys
But if she wants one them man, then I'm Tinie
Blame it on the liquor
Wifing ain't my aim so how can I miss her
Got a little frame, I'ma put her in the picture
Tell her say my name, I'll make Destiny her sister
Cîroc boys, no chaser
Yeah we might kiss but I won't chase her
Man you know me, I kiss and never tell
Heaven sent, tell a hater go to hell

Na we ain't smoking weed, but I've got that Henny in my cup
Lightie in my bed and she down to give it up
I'm with some G's, P's up tryna get a nut
We gon' make it through the night with a little bit of luck
We on a wave, wave, wave
Man we be on a wave, wave, wave
Man we be on a wave, wave, wave
Eat like a king when you work like a slave
Man we be on a wave

Seaside waves, screaming life is a beach
Blowing money fast, banging Big Meech
I love women but it's money over bitches so in the strip club, I practice wh
at I preach
Oh you can't dance girl? I'll teach you how to dougie
If she nutty all she gonna get is buddy
I show love but I still keep it cruddy
Screaming gangster for life, man are gully
I've got my bars up, we looking girl why you tryna be a hard nut
Watch your missus man, I might leave her starstruck
Sold couple tees now we getting in them star bucks
Courvoisier, no chaser
Yeah we might kiss but I won't chase her
You only rave once a month, you ain't serious
Red bottoms on, man I run this game period

Na we ain't smoking weed, but I've got that Henny in my cup
Lightie in my bed and she down to give it up
I'm with some G's, P's up tryna get a nut
We gon' make it through the night with a little bit of luck

We on a wave, wave, wave
Man we be on a wave, wave, wave
Man we be on a wave, wave, wave
Eat like a king when you work like a slave
Man we be on a wave
