

## Pack The Duffle

Yungen

I'll do whatever you wanna do  
You know that ill always ride for you  
So let me tell you something  
Is it time for me to pack the duffle, pack the duffle, pack the duffle

Baby girl call me the duffle bag boy I'm on the road to the riches  
In the strip club screaming money over bitches

They about since we started making numbers and figures

Everybody wants a cut now, it's leaving me in stitches

Talk behind my back and they supposed to be my niggas

Sweet or sour its still Chinese whispers

Tryna draw me out cos I ain't one to take pictures

Shooting the star I hope your one to make wishes

Man I'm just tryna make it happen for my people

I don't know who to trust cos everybody's so deceitful

They're tryna bring fire to the camp moving lethal

All the times I've added up divides are from equal

Baby pack the duffle cos their eyes are on the hustle

They tryna done my dance I think its time for us to shuffle

See we can bounce and try and find the piece to the puzzle

Or stay and take them dogs out the muzzle

I'll do whatever you wanna do

You know that ill always ride for you

So let me tell you something

Is it time for me to pack the duffle, pack the duffle, pack the duffle

Because to be a millionaire ill put my life on the line

But there's a 50/50 chance I could die from this grind

I can't even phone a friend to come and ride with his nine

Ask the audience they say that ima stride till I shine

Got my duffle, coats on, its time to get my pees up

I don't even smoke but baby roll the weed up

I'm stuck in the sand the only way I see is up

It feels like a long jump until I get my p up

But I'm thinking can I cope, they're tryna ride my wave but they can't look me in my boat

But I got my ride or die she my wife with no ring but she's the only one that keeps me up against the ropes

Baby pack the duffle cos their eyes are on the hustle

They tryna done my dance I think its time for us to shuffle

See we can bounce and try and find the piece to the puzzle

Or stay and take them dogs out the muzzle

I'll do whatever you wanna do

You know that ill always ride for you

So let me tell you something

Is it time for me to pack the duffle, pack the duffle, pack the duffle
