

Giant

YUQI

I'm on the ropes now, my arms are heavy
Can't let them break me down, don't let 'em push
I hear the voices say I'm not worthy
Nowhere to run but dig deep

I won't be afraid
Hesitation got me against the wall
No more mistakes like I made before
'Cause I know how to win this time

I'll rise up like a giant
Hold my head a little higher (Yeah)
So don't you doubt me
When I'm fighting my lonely nights, I
Standing tall like a giant
Yeah, I'll be going higher (Yeah)
So don't you doubt me
When I'm down in my lonely fights, I
Stand up like a giant

The scars in my heart, Imma kiss you goodbye
Can't bring me down
You have no rights to say I'm no better
Feeding me lies
Leave it with your damn apologies
Won't be needing your same excuses
I can be hurt but I'm not afraid
Not afraid

I won't be afraid
Hesitation got me against the wall
No more mistakes like I made before
'Cause I know how to win this time

I'll rise up like a giant
Hold my head a little higher (Yeah)
So don't you doubt me
When I'm fighting my lonely nights, I
Standing tall like a giant
Yeah, I'll be going higher (Yeah)
So don't you doubt me
When I'm down in my lonely fights, I

Stand up like a giant
Stand up like a giant
I'll be going my way-yeah-yeah
Hey-yeah-yeah, yeah
Hold my head a little higher
I'll be going way up higher
I'll be going my way-yeah-yeah
Hey-yeah-yeah, yeah

I'll rise up like a giant
Hold my head a little higher (Little higher)
So don't you doubt me (Eh)
When I'm fighting my lonely nights, I (All my lonely nights)
Standing tall like a giant (Giant)

Yeah, I'll be going higher (Oh-oh)
So don't you doubt me (Eh, eh)
When I'm down in my lonely fights, I

Stand up like a giant
Stand up like a giant
So don't you doubt me
When I'm down in my lonely fights, I
