

On Clap

YUQI

This beat on slap, bad boogie babies on tap
My money long, check fat
It goes clappity, clap, clap, clap
This beat on slap, bad boogie babies on tap
My money long, check fat
It goes clappity, clap, clap, clap

In a handstand, I pass it like LeBron
I know they can't stand when I don't let 'em
Light bulb, push it 7/11
Do the dash seven minutes in heaven
Oh, shh, I'm too quick
Touch down, muah hit it and quit
Big hit, see? Then eat little sweets
Push down make it rain on the beach

This beat on slap, bad boogie babies on tap
My money long, check fat
It goes clappity, clap, clap, clap
This beat on slap, bad boogie babies on tap
My money long, check fat
It goes clappity, clap, clap, clap

This beat sounds like cash
Now we gon' have a blast
I like it when they all get mad 'cause "Blah blah"
We still winnin' like we should
Uh, they be like, oh

How she really do it like that?
How she got it moving like that?
Is she really that bad?
How she really do it like that?
How she got it moving like that?
It's 'cause

This beat on slap, bad boogie babies on tap
My money long, check fat
It goes clappity, clap, clap, clap
This beat on slap, bad boogie babies on tap
My money long, check fat
It goes clappity, clap, clap, clap

Clap, clap, clap, clap, clap
Clap, clap, clap, clap, clap
Clap, clap, clap, clap, clap
