

## Greenfields, Golden Sands

Yusuf Islam

Green fields and golden sands  
Are all I need, are all I want  
Let the wind blow hard, I don't mind

A small house and an olive tree  
To keep and feed my family  
Let the wind blow hard, I don't mind

One day we'll all realize  
I'm not the only one  
Just raise your eyes up  
and you'll be gone  
to those green fields and golden sands  
That's all I need, that's all I want  
That's all I really need  
Let the wind blow hard, I don't mind

One day we'll all realize  
I'm not the only one  
Just raise your eyes up  
and you'll be gone  
to those green fields and golden sands  
That's all I need, that's all I want  
That's all I need, that's all I really want
