

By your Side

Yves Larock

Hey, don't you worry Confide in me when I Say not to worry Cuz
I'll be by your side Wherever you go I'll be with you If you wa
nt to Whatever you know No lies, it's true I'll be there too If
you need somebody To care for you Oh, let me be The one to sta
y The one to stand Come and take my hand

Hey, don't you worry Confide in me when I Say not to worry Cuz
I'll be by your side

Whoever you be See the color Doesn't matter You can count on me
Ask a favour Let me help you If you need somebody To care for
you Oh, let me be The one to stay The one to stand Come and tak
e my hand Everything gonna be alright I see clearly Oh, believe
me After darkness comes the light Come on, trust me Don't you
worry
