

Secrecy Is Incredibly Important To The Both Of Them

Yves Tumor

Can we talk?
It can be about whatever
I just wanna look you in the eye
We can take a walk
We can go wherever
I don't have a favorite spot
I just wanna look you in the eye
We can go wherever
I don't have a favorite spot
We can talk about whatever
Can we talk?

How can I miss you
If you won't go away?
They say I'm self-absorbed
I put my guard up
It's so familiar
They say I'm self-absorbed (Maybe so)
I touch the hand of my lord
It's so familiar
How can I miss you
If you won't go away?
They say I'm self-absorbed (Maybe so)
I put my guard up

Everybody plays a role
But we're not similar
I touch the hand of my lord
It's so familiar
How can I miss you?
You're so familiar
I touch the hand of my lord
(I touch the hand of my lord)
It's so familiar
How can I miss you
If you won't go away?
