Don't care what's fake and who you are, yeah
In my world, it is only you and me, babe
'Cause you wanna be with me right now
Let's talk to me right here, make your mind, yeah
I'm the one who's gonna shape this vibe, yeah
You should be aware, no turning back from now

Looking at you feels like I'm on top of the world
Am I tripping? How'd you cruelly stepping into my heart?
Don't test me
This drama senses
Could be us, unless you find me sober

Affection with no occasion
I'm not tryna change you
To whom it may concern, yeah
Just say you want me, no question
How you treat me like a stranger
How does it feel to be there?

You're 5 star criminal for putting me aside, yeah
I got a lot of me saying take it, don't deny it
You know, I just wanna meet you
Who cares, hashtagging you
Relying on lies stacked in my head
Ride or die, babe, what you say?

Looking at you feels like I'm on top of the world
Am I tripping? How'd you cruelly stepping into my heart?
Don't test me
This drama senses
Could be us, unless you find me sober

Affection with no occasion
I'm not tryna change you
To whom it may concern, yeah
Just say you want me, no question
How you treat me like a stranger
How does it feel to be there?

Affection
