Baby, I feel so wrong
I wanna take it back and make it right
The sun's about to rise, I need to go
Ticktock, one, two, three, oh, wasted time again
I won't stay up all night
If you keep acting like a child
Oh, we keep getting stuck in the same old fight
Ticktock, one, two, three, oh, wasted time again

Ooh
Neoga onjeonhi neukkil ttae
Imi beoreojin neowa naui gaep
It's too late for you
I bet you understand the silence that we can't forget
Let us take our time, ticktock

Baby, I feel so wrong
I wanna take it back and make it right
The sun's about to rise, I need to go
Ticktock, one, two, three, oh, wasted time again
I won't stay up all night
If you keep acting like a child
Oh, we keep getting stuck in the same old fight
Ticktock, one, two, three, oh, wasted time again

Underwater
Gipeungose ppajyeobearin geonman gatae
When you want, do I have to take it all?
My mama's say, "ttan saramhante gidae mallaneunde"
I got no reason to depend on you
Do not think about taking control
Ah, beoseona boryeo hae bwado gyeolgugen je jarie
