Bentley Bentayga, I'ma take off
And if that nigga try to play soft
Glock gon' come off the bench like the playoffs
Pull up, my whole gang gon' chase y'all
5.56 up in the K, rip his face off
I was in the back of the class with the bad bitches
I don't kick it with these niggas, they give me a bad image
I'ma beat that nigga ass like a mother with bad children
And lil' bitch, I'm in the SRT, I'm fast livin'
And lil' shorty got a BBL, her ass different
And these niggas wanna see me fail, I'm mad different
Backflippin', ass kickin', nigga, I make thirty look like racks
to these niggas
I just took that nigga sack, I don't think I'll give it back to
that nigga
You the type of nigga ratting to a nigga
I'ma go out if I have to, my nigga
I'm made for this season, I pray for these meters
I met her up on tour, I gave her big penis
She all in my pic, her face'll get deleted
She said that she broke, she claimin' I'm the reason

I got thrax in my system
I pull tracks off your sister
She know that I'm that nigga
Bitch, I be that nigga (Yeah, yeah)
Bitch, I be that nigga (Yeah)
I got racks in my denim
Ho, relax, you can't get 'em
Told that bitch, "You gon' fill 'em"
I got thrax in my system
I pull tracks off your sister
She know that I'm that nigga
Bitch, I be that nigga (Yeah, yeah)
Bitch, I be that nigga (Yeah)
I got racks in my denim
Ho, relax, you can't get 'em
Told that bitch, "You gon' fill 'em"
