GLIZZY

He fuck with the gang, then I'm takin' his life
I slide on his block, now that boy wanna fight
I slid on that nigga and took that boy wife
But I gave it right back, I was tryna be nice
See my nigga, I'm tryna be kind
But the back of my hand, I was grippin' that nine
Bitch, I'm on the block posted up with my slimes
Said she wanna fuck, told that bitch, "Get in line"
All of my niggas, they go for the kill
They sellin' that pack, boy they trappin' for real
I slide on his block, I don't know how to feel
Just scammed a white nigga, look like Dr. Phil
I hop in the lane, bro I'm slidin', I'm cruisin' it
I slide on his block, I pop out and I'm movin' it
Hang with the killers, I hang with the hooligans
15 years old, I'm the youngest that's doin' it
Bitch, back in the day, I was grippin' that nine
Bitch, I'm posted up with my gang and my slimes
That boy talkin' crazy, that lil' nigga dyin'
I can't trust a hoe, 'cause these bitches be lyin'
Bitch, I'm in the city
I got a white plug and that nigga name Billy
She ate on my dick like that bitch was a glizzy
I slide on his block, I pop out with that glizzy
Was gone for two months, but they still fuckin' with me
Young niggas brazy, they ready to blast
I hit from the back while I'm smackin' that ass
I'm high as a bitch, I be geekin' in class
I'm drivin', she suckin' my dick, I'ma crash
And she eat the dick while I'm takin' a bath
Y'all niggas be bitches, y'all makin' me laugh
That Glock seventeen put his ass in the grass
Not lovin' no bitch so I fuck and I pass
