

Happy Ending

Yvonne Elliman

Take me away from this hungry older
Take me away from this tired and lonely thirst
I've got nothing at all since your loved went and died
Are you making me crawl? Am I making you cry?
Am I making you cry?

Take me away from this sledgehammer night
Take me away on a mattress
Of velvet in a clear modern candlelight
And the sun's gonna shine where it never shown
I'm coming out of the dark, I can't make it alone
I can't make it alone

Don't you know that I'm always waiting
Don't you see that I'll always be hoping!

Don't you know I'm anticipating my happy ending!
Oh, my happy ending
Give me my happy ending!
And we'll be home free, home free
Home free, and we made it just in time...

Oh, take me away from this hungry older
Take me away from this tired and dusty thirst
And the sun's gonna shine where the sun never shown
I'm coming out of the dark, I can't make it alone!
I can't make it alone

There's only one thing left to do
Take me away...
