

More Than One, Less Than Five

Yvonne Elliman

So you're older than I
You're not alone
People are known to fall in love
Anyway

And if you're feeling all your years
We'll count them: More than one, less than five...

Have you children too long
A friend at home?
Doesn't she smile the way I do?

Anyway

And if you're watching all the hours
We'll count them: More than one, less than five

There's a life left to find
All you've been searching for
All of the answers are in me

Ooooh...
