

Breakfast (Interlude)

Yxng Bane

You-ou-ou-wooh call me up at 6AM
You say "I'm at your door, baby can you let me in?"
Boy you know this, you can own this 'till the morning
It's your deal so come and close it
Open, close it, 'till it falls apart
You're so broken, we don't have to love
If she still [?], she can keep your heart

Mine or not, don't have to stay for breakfast
Just finish off 'fore you begin it
Don't have to lie and say I'm sorry
Stand up to me or take it in
Don't have to stay for breakfast
Just finish off 'fore you begin it
Don't have to lie and say I'm sorry
Stand up to me or take it in

Open, close it, 'till it falls apart
You're so broken, we don't have to love
If she still [?], she can keep your heart
Mine or not

Got some years on me but you won't give me time to grow
Victim of treason I'm reserved but girl more I can show-ow-
ow, yeah yeah yeah
Hand on my heart it's always yes but the [?] always [?]
Karma's a bitch, time's on hold
I still [?]
I say nothing but I swear you deserve [?]
Everything I give 'em all
Time is one thing I ain't got

You know I'd rather stay for breakfast (ooh yeah)
Finish up 'fore I begin (woah woah)
Just about to say I'm sorry
Come stand up and take me in (come stand up, come stand up)
You know I'd rather stay for breakfast (ooh yeah)
Finish up 'fore I begin (woah woah)
Just about to say I'm sorry
Come stand up and take me in (come stand up, come stand up)

Baby, ooh woah oh whoa
Ooh woah
Ooh woah, ooh woah
Ooh woah woah
Ooh woah
Ooh woah, ooh woah
