Woo!

I'm done, I've lost my interest  
No hearts grow fonder with a distance, yeah  
I'm done, I've lost my interest  
Like all the time that I gave, you gave to someone else

Shoulda been the one I come home to  
Shoulda been the one I run home to  
Never been the type to save them as I ran through, but I woulda saved you  
Shoulda been the one I run home to  
Shoulda been the one I come home to  
Never been the type to save them as I ran through, but if you showed interest  
I woulda spent it all on you

I'd spend it all on you  
I'd spend it all on you, baby  
I'd spend it all on you  
I'd spend it all on you, baby  
I'd spend it all on you  
I'd spend it all on you, baby  
I'd spend it all on you  
I'd spend it all on you, baby  
I'd spend it all on...

Settle for five hundred roses  
Woulda gave a thousand more for  
You were kinda different girl tho  
Guess my thoughts were kind wrong  
Coulda had your cake girl but you ate it  
Now I just ball at the club like I made it  
I get me a new bitch I know you gon hate  
Make a flips on your dumb I stay in no mistake
