Problem

Yxng Bane

(Ya, ya, ya)
(Legendary Beatz)

So tell me what's the problem?
They watch me, mi no watch them
I had a dream about a Phantom
Then went ghost 'cause I had to put the work in, I-I-I
Tell me what's the problem?
They watch me, mi no watch them
I had a dream about a Phantom
Then went ghost 'cause I had to put the work in, I-I-I

Yo, I put my trust in some piece into niggas, how you do me lik
e that? (Why you do me like that?)
But karma's a bitch, I just sent her a text, she gon' get you g
et back
Hmmm no niggas didn't that
Come to my crib, brushed marble floors and a couple plaques (an
d a couple plaques)
Flossy boy, yeah I'm flamboyant, yeah
If it shines then I want it
No glitter just gold, I'm here with my bros and we doin' up enj
oyment
One time when we pull up in the ride
Two time cause I'm rubbing on a thigh
Next time we pull up [?] on recline
Big back she pulled up with me on the high

So tell me what's the problem?
They watch me, mi no watch them
I had a dream about a Phantom
Then went ghost 'cause I had to put the work in, I-I-I
Tell me what's the problem?
They watch me, mi no watch them
I had a dream about a Phantom
Then went ghost 'cause I had to put the work in, I-I-I

Where you been?
Where you been?
I be getting to work like medicine
Where you been?
Where you been?
Yo, where you been?
Where you been?
I be getting to work like medicine
Where you been?
Where you been?
