Table For Two

Yxng Bane

(Big Zeeko)

Wanna see that face in the morning
Amor, would you let me?
We've been friendly, now I'm ready
She said, "Slowly"
Can I do a little more than last time, baby
She said, "Love me like you own me"
She said, "Own it"

You ain't felt felt like this before
It feels like it's your first time
Dancing here with someone else
And it just doesn't feel right
You do shakara as well
Oh it hurts my heart, don't feel nice
Now you get it, I do mind
It's better for you, babe, which guy?

Table for two
Girl, tonight it's just me and you
We can both turn our phones off too
You tell me anything you want ooh ooh
Table for two
Girl, tonight it's just me and you
We can both turn our phones off too
You tell me anything you want ooh ooh

Baby, which guy?
Baby, which high?
Even if he had a billion dollar, couldn't make her come like I
You know you're my type
You know you're my size
I get you baptized
You do me likewise

You ain't felt felt like this before
It feels like it's your first time
Dancing here with someone else
And it just doesn't feel right
You do shakara as well
Oh it hurts my heart, don't feel nice
Now you get it, I do mind
It's better for you, babe, which guy?

Table for two
Girl, tonight it's just me and you
We can both turn our phones off too
You tell me anything you want ooh ooh
