

Trap

Yxng Bane

They tried to write me off
I wrote some hits and it went off
All my white tings had a lip job
Heart break kid when the kick drops
I'm the new Sean Michaels
Sink to the bladder, they pissed off
Your girls on the guest list and ticked off
Broski in jail got a clock off
He gave me the line
And now they queuing up again
My bitch [?]
And they ain't bad they just pretend
Woaaah, add it up

I'm cool with it I'm like Haagen Dazs
I post a pic and get a tough of that
Woah

Can you put it on a track?
If you say the word no going back
If you say the word no going back
Woaaaaah
Can you put it on a stack?
If you say the word no going back
If you say the word no going back
Woah

Baney's the guy
You know what I'm like
I'm with five tings but I'm eating five guys
No strings attached
She got attached
Now she pulls strings when she hit up my man
I told you there's no strings attached
Keep on talking bout the belly
I'll send a young boy to come stomach your pack
I know all the booters
I know all the hookers
Know all the hookers
I know all the booters
Words in the traphouse [?]
Ain't scared of me bitch you scared of the shooter
I told you I know all the booters
And you can't pull out with your wifey and try introduce her
I know all the hookers
Yeah

Can you put it on a track?
If you say the word no going back
If you say the word no going back
Woaaaaah
Can you put it on a stack?
If you say the word no going back
If you say the word no going back

Cold nights, Frost bite
Back when it was no lights

Empty fridges
Came up on some rap lines
Woahh
My nigga woaaahh
My nigga woaaahh
Cold nights, Frost bite
Back when it was no lights
Empty fridges
Came up on some rap lines
Woahh
My nigga woaaahh
My nigga woaaahh

Can you put it on a track?
If you say the word no going back
If you say the word no going back
Woaaaaah
Can you put it on a stack?
If you say the word no going back
If you say the word no going back
