Z-Ro

Ooh, ooh, ooh
Ooh, ooh, ooh-oooh

I know they dragged my name through the mud
But if you my people, why you keep bringin' it up?
I'm okay
I'm okay
I know they hatin', I know they want me to die
My mind on my money, do it look like I'ma cry?
I'm okay
I'm okay

I done had disagreements with niggas in the clique
But right is right, wrong is wrong, I don't give a shit

Louis 13 these days, no more Remy shit
Same bitches was actin' funny, now they send me pics (Stay out my DM)
Still the same nigga, run up on me, I'm gon' empty this
Only difference is back then, I would have ran off
Now I know my rights, I'm watchin' them haul your mans off
Jay Prince like, they like, "Please, call your man off" (Please)
But I don't work for nobody, I am boss
Pimpin' not no contact sport, so keep your hands off (Yeah)

Top of the mornin', yeah, that's what everybody say here
And we don't borrow no money, we all pay our way here
Never would have thought I'd see Joseph McVey here
I remember when they would have never let me stay here
Treated a nigga like Trump treat the vatos
I fucks with Jorge, I fucks with Paco (What up?)
We know what the bottom feel like, but where the top though?
I ain't there just 'cause I hit a button and the top go (Let him down)
Materialistic shit ain't what I'm speakin' of
I see you niggas thirsty for fame, go 'head and drink it up (Drink it up)
Them the type of niggas you'll never see with us (See with us)
Why you lookin' at her? You can't afford her if she with us (She with us)
We said what we said, so what? You don't agree with us? (So what?)
One Deep Entertainment, that's the way it gotta be with us (Yeah)

Stop tryin' to look online and see what's the tea with us
We livin' our dreams, we don't live online (We don't live online)
That's a rock you keep rubbin', that's why it still don't shine (Still don't
shine)
Negative energy, I don't wanna feel those vibes (Haha)
Oh, remind me of when I was beggin' for dip (Beggin' for dip)
Now I'm so blessed, when I go to sleep, I'm beggin' for breath, yeah

I know they dragged my name through the mud
But if you my people, why you keep bringin' it up?
