

# I'm With It

Z-Ro

If we in the sheets but not in the streets  
Then I'm wit it  
But don't tell ya peeps, they gon' tell they peeps  
I ain't wit it  
Might not kiss ya cheek, but I'll make ya skeet  
Yea I'm wit it  
No selfies please, don't fuck with me  
I ain't with it

I just wanna get dressed up and get pretty  
Don't feel like turnin' up or gettin' litty  
Really, I can roll around my city  
Hit ya up and maybe I'll get you to come with me  
We can roll the streets and see the stars  
Jam some mixtapes, spit bars  
And if you tell who something these are  
Like pull over and fuck you in my car  
And I be riding around till I'm riding around  
And I end up in Mo City  
Cause everybody know that I put it down  
Nobody know you fuck with me  
See, we be fakin' it, if the streets found out  
We'd be shakin' it yeah earthquakin' it  
Cause the way it is, the way it's been  
It's always been and I'm with it

If we in the sheets but not in the streets  
Then I'm wit it  
But don't tell ya peeps, they gon' tell they peeps  
I ain't wit it  
Might not kiss ya cheek, but I'll make ya skeet  
Yea I'm wit it  
No selfies please, don't fuck with me  
I ain't with it

(Uh, uh, uh)  
This ain't where love is at  
But my dick like a whole 'notha person, you can fall in love with that  
Whenever we hook up, I be like where the drank, where the bud is at  
We be actin' like we barely know each other  
Every time we end up where the public at (how ya doin')  
But you should already know I feel like goin' up ya back  
You gon' cum 5,6,7,8,9 times, can ya boyfriend fuck with that (fuck with tha t)  
We done been through 10,11 rubbers so far  
All good I got another half (it's all good though)  
I know I'm a drug, you can call me Rocaine  
Cause everyday you be like where the fuck it at  
Shit, I'm on the way right now (right now)  
6 minutes away, I'm makin' it right now (right now)  
So goddamn fine, I wish I was there already  
You'd be butt-naked and you'd be takin' it right now (right now)  
And I ain't with the handcuffs and I ain't with the cake  
Even though we hadcuffin' and cakin' it right now (hell nah, right now)  
Hell nah I ain't finished but ya girlfriend keep on callin'  
Tell her relax I'm bringing ya right now (Vandross, I'm with it)

If we in the sheets but not in the streets  
Then I'm wit it  
But don't tell ya peeps, they gon' tell they peeps  
I ain't wit it  
Might not kiss ya cheek, but I'll make ya skeet  
Yea I'm wit it  
No selfies please, don't fuck with me  
I ain't with it
