Right Here

Z-Ro

Went through so much to sit right here
21 years to get right here
Look at all the bullshit I been through
You don't know about this right here
Plenty diamonds on my wrist right here
Big bag of money is right here
Look at all the bullshit I been through
You don't know about this right here
Remember when I hit licks right here
They unloaded, I got hit right here
Look at all the bullshit I been through
You don't know about this right here
If I could make one wish right here
Just want my mama to sit right here
Look at all the bullshit I been through
You don't know about this right here
