

Roll 1 Deep

Z-Ro

Real nigga 'til my last breath
After that, it ain't nothin' left, yeah
These days I ain't focused on the sex
Baby, I just really want a check, yeah
Lord, I know this is a test
'Cause I ain't met nobody solid yet, yeah
So I ain't even lookin' for respect
I just wanna know, can I collect? Yeah
Y'all don't really fuck with me
I don't really fuck with y'all
I'm doin' my own thang
By myself, I'm havin' a ball (Amen)
Ain't nobody gotta come around
You said I'd never be nothin', bitch, I'm somethin' now
My haters was open for business, I had to shut them hoes down
That's right

I don't do the gang when I creep
'Cause real niggas roll one deep
Know I got that thang on the seat
Nobody takin' nothin' from me
Be careful with my name when you speak
'Cause karma ain't get no sleep
Stay in my own lane in the streets
'Cause real niggas roll one deep

I don't rap with these niggas 'cause these niggas hoes, hoes, ho-ohs
All I need is the weed, I ain't fuckin' with my nose, nose, nose, nose
I fuck with everybody but everybody can't go, go, go, go
Bottom line, everybody don't deserve
The fuck you pack a bag for? Put that shit on the curb
Beggin' for what they didn't earn, they gettin' on my nerves
Smokin' on my marijuana and sippin' on my syrup
Like I'm supposed to support your habit?
You shouldn't be doin' it if you can't afford your habit, uh
And all the bitches, they flaked on me
Like I wasn't good enough
I wish I could see them now
I bet they like, "Bitch, I really fucked up" (Amen)
I don't need another chick to come around
Nigga dreadin' me, security gon' gun him down
Don't want the rest of my bread at the show, pay me soon as I come in town

I don't do the gang when I creep
'Cause real niggas roll one deep
Know I got that thang on the seat
Nobody takin' nothin' from me
Be careful with my name when you speak
'Cause karma ain't get no sleep
Stay in my own lane in the streets
'Cause real niggas roll one deep
