Just like my friend right here and everybody else would be like, "that nigga Z-Ro crazy." But it was n't until I started kickin' it with Z-Ro, I said, "this nigga ain't crazy." He made a lot of sense. Lemme tell ya' something. I thought he was an asshole. 'Cause Z-Ro would see a fan and the fan be like, "ayo Z, what's up?" He hit him with the hand bump. I said, "damn fool, you wrong than a motherfucker kid. That nigga ain't no fool. He ain't mean, that nigga just a germaphobe. That nigga said, "man I just seen that nigga walk out the restroom without washing his hands. This nigga tried to shake my hand man. That shit nasty. I said, "you right, because I just watched 30 other motherfuckers do the same thing mane. So, my nigga Z-Ro ain't crazy, he's just a germaphobe, and he ain't with that sucka shit. So let's get it.
