

## Succa Shit

Z-Ro

Yeah, I never thought it would be you  
But it was you, I mean  
Yeah I heard about the shit, I didn't wanna believe it  
But it was true, I mean  
All the shit I did for you, I mean  
You actin' just like the nigga we talk 'bout  
I can't believe a goddamn thing you be sayin'  
Just like the nigga we talk about  
We ain't got nothin' to talk about  
I'm packin' my friendship, I'm walkin' out  
I know you know they was gon' tell me what happened  
One deep for life, that's what I'm all about  
I can't show these niggas love no mo  
I used to give a fuck but I don't give a fuck no mo  
And I ain't wit' none of that arguin' shit  
I'm gon' go in your mouth like a dentist  
I'm not the one you gon' be arguin' with  
You act like a man but don't act like it  
I wanna know, tell me, are you a bitch?  
Stop sayin' you didn't say it, I know you did  
Bitch I can tell you what car you was in  
Drunk motherfucker like my baby mama  
Sayin' shit you won't remember  
I know how you really feel about me homie  
You ain't gotta be a pretender  
At least stop sending that fake love to me  
I gotta return to sender  
Swear to God y'all act so hard  
But I know all y'all soft and tender

I ain't with none of this succa shit  
I ain't with none of this succa shit  
Like talkin' down on a nigga  
To put me in a better position to fuck a bitch  
I ain't with none of this succa shit  
I ain't with none of this succa shit  
Like puttin' my hands on stuff that don't belong to me  
If it ain't mine I won't touch the shit  
I ain't with none of this succa shit  
I ain't with none of this succa shit  
Like up in somebody else business  
Ain't got shit to do with me, then I ain't up in it  
I ain't with none of this succa shit  
I ain't with none of this succa shit  
Like sayin' some shit about him that I won't say to him

I don't know you, that's how it goes  
I don't talk it, I'm livin' it  
I don't care if you got it, don't care if you gettin' it  
I'm just mindin' my business, investin' in businesses

I don't remember her, can you please tell me what bitch it is?  
I guess I don't give a fuck, straight like that  
If I lose a person, cool, lose money, that's what I gotta make right back  
Thought you was workin' for me, you was workin' for them  
If I knew you was fake like that  
Then I never would've showed you love  
Got my people lookin' at me funny, my people don't know what you've done, su  
cca shit  
I'm a god, I hate when the devil come around and fuck with shit  
No homo but he make it hard for me to keep my cool  
I'm gon' fuck up some shit  
Can't stand y'all niggas, can't stand y'all bitches no mo  
Once you fuck over me I never ever forgive ya  
I'm not fuckin' wit' ya no mo  
I guess keepin' it real ain't cool no mo  
When a real nigga come around, fake niggas, they don't know what to do no mo  
I guess it's cool to be keeping it phony  
You said you got love for your nigga  
Why you talkin' 'bout him like he ain't your homie?  
I guess the whole world done went crazy  
I ain't tryna fuck with none of you niggas 'less you niggas tryna pay me  
I guess I'm gon' keepin' on keepin' it one deep  
One round pepper corn with cup of Maker's Mark  
A family sized table with only one seat

If it ain't mine I won't touch the shit  
I ain't with none of this succe shit

Like up in somebody else business  
Ain't got shit to do with me, then I ain't up in it

Like sayin' some shit about him that I won't say to him  
That's some fake nigga succe shit
