Z-Ro

Every time I turn around like, "Here we go again" (Here we go again)  
Pagin' me  
Young Vandross (Vandross)  
Clean as fuck, keep your hands off, uh  
Shoot shit up and shut shit down  
Fuck off, you and your friends just wait and see  
Young Vandross (Vandross)  
I don't even be tryin', I just stand out, huh

Yeah  
Me, I'm just a hustler (Me)  
Bad motherfucker (Me)  
Can't kick it with these busters  
I know they wanna hang with a G, but they shit outta luck (Maybe next time, guys)  
She was talkin', so I shushed her (Hey)  
'Cause I would never trust her (Ayy)  
She probably think I love her  
But I can't spend time, woman, please get your shit out the truck (I gotta go, bitch)  
I got a couple moves I need to make (Yeah)  
Roaches in my house, I got a couple dudes I need to shake (Yeah)  
Poisoned Panera Bread the type of food I need to bake  
'Cause hatin' ain't even an option no more, now they need to hate (For real, though)  
I ain't even interested in the bitch if she's an eight (For real, though)  
Rather get straight to the fuckin', bitch, do we need the cake? (For real, though, bitch)  
Not a gorilla no more, now they be like, "He's an ape" (Ayy)  
Foot on they neck constantly, I won't give my enemies a break

Every time I turn around like, "Here we go again" (Here we go again)

I don't touch people either, stop holdin' your hand out (Okay)  
If I wrinkle 'em, pull a fresh new pair of pants out  
But don't get it twisted, I'll up that thing and I will air it out (Rrah)  
This is dedicated to all the ones who had doubts (You)  
Said I'd never be nothin', I'd always be at my dad house (That was you)  
Really burnin' fat tryna walk around my last house (That was you)  
Quarter-key of coke, that's if we talk about my last couch (Haha)  
I keep my foot on they neck and it ain't no lettin' up (Up)  
On my way to the top like a bubble in some 7 Up (Hell yeah)  
My motivation come from back when I had seven bucks  
Knock me down seven times and seven times, I'll be gettin' up (Ayy)  
If I feel like I'm 'bout to die, I still be settin' up (Ayy)  
See how fast I caught my second wind? My shit was revvin' up (Ayy)  
Lap these motherfuckers several times, there be no catchin' up  
I got Earth on lock, when I die, I'ma go sew Heaven up, Vandross (Uh)
