

## What's Going On?

Z-Ro

If you love living your life, leave me alone  
I live the life, I sing about in my song  
They hate me until I'm gone, they hate  
They hate me until I'm gone, if you love living your life, leave me alone

Fuck everybody lately, cause it was fuck me first  
What's the reason for the season, of wanting to see me in a hearse  
It really don't matter, because I ride or die for me  
Even if they kill me, there's happiness in the sky for me  
So if it's death around the corner, I can't stop it if I wanna  
Jesus just let me empty my tip, and hit my marijuana  
Yeah I seen it coming, nobody gon catch me off guard  
Make em look me in my eye, before they break me off Lord  
Excuse my attitude, but I'm use to negativity  
My life explains my fuck everybody, on each delivery  
Some say it's the drugs, others say it's a lack of love  
It ain't gotta be a reason, crazy simply just because  
Everyday of my life, has been a struggle and pain  
So I perform with no emotion, no further need to explain  
If you love living your life, leave me alone  
Fuck rap, I live the life I sing about in my song

Fuck rap, I live the life I sing about in my song  
Nobody in the world loves me, they hate me until I'm gone  
(what's going on), realizing I'm going crazy  
Everybody watching me suffer, but won't nobody save me  
This can't be life, I promise the world ain't shit  
I never knew I'd lose my mind, and end up like this  
Cause all I think is murder, realizing I'm going crazy  
Wait till they get a load of me, it's fuck everybody lately

In my '73, rolling on top of the trails  
Let down my window, and let my pistol excel  
Disrespect me, revenge gon represent me like a thief in the night  
So prepare, for permanent sleep in you life  
I'm still a Christian on a mission, but my vision ain't clear  
Looking for peace, but all I see is drama down here  
So when the going gets tough, the tough pull the team together  
Who ride, and get rid of our enemies together  
But if you live by the sword, then you die by it  
So when it's time for me to go, it ain't no need to cry about it  
Cause I done done my share, of wrong doing  
Exaturated resolvable situations, and left some homes ruined  
Even niggaz, that call themselves friends  
They'll be first to try to rob me, and then do me in  
So if you love living your life, leave me alone  
Fuck rap, I live the life I sing about in my song

(what's going on), realizing I'm on the edge  
My every thought is aggravated assault, and get my bread  
For the love of money, motherfuckers disappear  
That's the very reason, Joseph McVey keep his pistol near  
Come and get me, so you can put your hands on my riches

The only allibby I need to squeeze it, and ain't digging ditches  
But if I gotta, kiss my freedom goodbye  
I tongue kiss my ten millimeter, cause she didn't let me die  
That's a down ass bitch, mayn  
Unlike my friends, cause just to get some ends they ten to spit names  
24/7-365, nobody at my side  
They might hit me up, before they help me hide  
So I roll by myself, or I roll with Trae  
A.B.N. for life, focused on making the world pay  
If you love living your life, leave me alone  
Fuck rap, I live the life I sing about in my song
