

Where My Niggas At

Z-Ro

I just wanna know where my niggas at
Nine times out of ten, they where the prison at
Can we come up together, are you feelin' that?
They hate to see us together, they ain't feelin' that
I just wanna know where my niggas at
Nine times out of ten, they where the killin' at
Can we come up together, are you feelin' that?
They hate to see us together, they ain't feelin' that

They say I'm the king of this pain shit
'Cause every day I'm goin' through the same shit
On some, "Homie, fuck you and who you came with"
Just in case you try to take me out the game, bitch
Hell nah, I ain't able to get up with y'all
'Cause every time they get ya, it's someone that love you, dawg
Maybe that's the reason I'm so out in country, dawg
But I'd be on my way if somebody fucked with y'all
I be fuckin' up and not doin' what God say
Think my heart on ice just like on Broadway
I done had so many rough nights and hard days
Pardon me and my No Love Boulevard way

I just wanna know where my niggas at
Nine times out of ten, they where the prison at
Can we come up together, are you feelin' that?
They hate to see us together, they ain't feelin' that
I just wanna know where my niggas at
Nine times out of ten, they where the killin' at
Can we come up together, are you feelin' that?
They hate to see us together, they ain't feelin' that

I'm just tryna maintain
The fast life callin' my name
But lately, ain't been feelin' the same
Somebody said, "Only a fool don't change"
And even though I really miss my dawg
Y'all can have it, keep it lit, my dawg
But y'all ain't really doin' shit, my dawg
I'm just sayin', I got some shit to do
I ain't tryna fuck with a bitch or two
They got millions outchea, I'm just tryna get a few
All that mean-muggin', them niggas 'round the corner
Them niggas 'round the corner gon' fuck around and put a clip in you
So now I gotta kill them hoes
Just because you didn't feel them hoes
And they killed your bro
None of this shit out here real no more
Instead of hatin' you should [?]

I just wanna know where my niggas at
Nine times out of ten, they where the prison at
Can we come up together, are you feelin' that?
They hate to see us together, they ain't feelin' that
I just wanna know where my niggas at
Nine times out of ten, they where the killin' at
Can we come up together, are you feelin' that?
They hate to see us together, they ain't feelin' that
