Finish What We Started

Zac Brown Band

I'm standing at these crossroads
Trying to find myself
The walls are full of pictures
And memories on the shelf
Never thought that I
Was ever gonna be here

Tearing all these walls down
Paid for my mistakes
Trying to build a new home
One without the pain
Every story ends
Never thought I'd say this

Let's finish what we started, babe
Finish what we started and not go down
That road that we always did
Let's take our mistakes and try to make it right
We were younger then
Let's finish what we started, 'cause I know now
What I didn't know back then
It's breaking my heart
But we're both gonna be alright

Looking at the future
Not looking for the blame
It didn't make us happy
Living different ways
I would die for you
But I couldn't stay here

Look at all the love we built
It'll carry on and on and on
And even though it hurts
This will lead us to better days

Let's finish what we started, babe
Finish what we started and not go down
That road that we always did
Let's take our mistakes and try to make it right
We were younger then
Let's finish what we started, 'cause I know now
What I didn't know back then
It's breaking my heart
But we're both gonna be alright

Oh-oh
Let's finish what we started, babe

I'm standing at these crossroads
Trying to find myself
Looking at the future

Let's finish what we started, babe
Finish what we started and not go down
That road that we always did
Let's take our mistakes and try to make it right

We were younger then
Let's finish what we started, 'cause I know now
What I didn't know back then
It's breaking my heart
But we're both gonna be alright

Oh-oh
(Let's finish what we started)
Be alright
Oh-oh
(Let's finish what we started)
Be alright
Oh-oh
(Let's finish what we started)

Let's finish what we started, babe
