

## Aries

Zacari

Feelings that I can't control  
Find the fire follow smoke, it's time  
I still love him he don't know it, it's fine  
Ask me what you wanna know please, it's fine  
Vivid image of you always, in mind  
I know we're so different but you promised it's alright  
While the sun is beemin  
Feels like you're still mine

When you think of me think of the sun  
All I ever wanted was to keep you warm  
I wasn't meant to keep you up all night long  
All night long

When you think of me think of the sun  
All I ever wanted was to keep you warm  
I wasn't meant to keep you up all night long  
All night long

They say only god knows  
And only time can heal our wounds  
It's always darkest before dawn

When you think of me think of the sun  
Think of the sun  
Told you this was over  
Call me when you sober  
Told you it's done  
You know I hate to see you like this  
Trying to be righteous  
I hate to see you  
Cry  
Cuz it's rainin in summer now  
And I can't keep dry  
And it's haunting me  
Every part of me  
When you think of me  
Think of the

When you think of me think of the sun  
All I ever wanted was to keep you warm  
I wasn't meant to keep you up all night long  
All night long

When you think of me think of the sun  
All I ever wanted was to keep you warm  
I wasn't meant to keep you up all night long  
All night long

They say only god knows  
And only time can heal our wounds  
It's always darkest before dawn
