

Edamame

Zacari

R-and-B underground

There's jeopardies on my white tee (Yeah)
Buss it like edamame (Woo)
Laid up like we in the valley (Yeah)
Maybe you forgot to call me
You prolly got caught up in some things (Yeah)
It's all good, it's alright
But trust me, I know how it goes
Yeah, I been tryna do the most
I don't know what you see in me (No)
Don't know what you see in me

Oh girl, you're so out of my league
I was like, automatically
All the way head over heels for you (Yeah)
For you, for you
Oh, you're so out of my league
I was like, automatically
All the way head over heels for you (Yeah)
But I know it's right, and I know what it's like

And I know the nights get lonely
I'm always only just a phone call away (Phone call away)
I'm just a phone call away
And I know sometimes I'm out of line (Out of line)
But you always hold me to the things that I say
Things that I say
I know those nights gets lonely
And you don't owe me anything
But I can't sleep, sleep
And I know those nights get freezing
And you just need a little heat (Yeah)
But I can't sleep, sleep

Yeah, damn
You just popped up in my dreams (Ayy)
Ridin' on a horse with wings (Ayy, ayy)
And I don't really know what that means
Yeah, I was hoping you could tell me
Yeah, I was hoping you could inner see (Uh)
Ah, this was strong Hennessy (Whoo)
Ah, this was strong energy (Ayy)
I'm feelin' a drunk (Drunk), I'm feelin' like a drunk
Oh man, ain't holdin' up (Yeah)
Buss it like a balloon
Move it like a monsoon, know what that mean (Yeah, yeah)
Know I hate it when you stall me
Just try to make it by the morning (By the morning)

Oh girl, you're so out of my league
I was like, automatically
All the way head over heels for you (Yeah)
For you, for you (Oh, oh, and I'm ready to go into another life for you)
Oh, you're so out of my league
I was like, automatically
All the way head over heels for you (Yeah)

But I know it's right, and I know what it's like

And I know the nights get lonely

I'm always only just a phone call away (Phone call away)

I'm just a phone call away

And I know sometimes I'm out of line (Again)

But you always hold me to the things that I say (Oh)

Things that I say

I know those nights gets lonely (I know those nights gets lonely)

And you don't owe me anything

But I can't sleep, sleep

And I know those nights get freezing

And you just need a little heat (Yeah)

But I can't sleep, sleep
