

# Restless

Zacari

Something told me I was gonna make it one day  
All of those summer nights that I had forgot to pray

Living in downtown LA  
This street only goes one way  
Bunch of dead ends, this street only goes one way  
That's why I get restless, restless, restless  
Keep the incense burning restless, restless, restless  
I see your spirit lurking the left side of my bed and I can't  
Keep my heart from turning outside my chest nightmares  
Keep on recurring restless  
I get restless, restless, restless

Someone told me I was gonna make it one day  
All of those lonely nights I crossed on sixth street in spring

Leaving downtown LA  
This street only goes one way  
It's a dead end, this street only goes one way  
That's why I get restless, restless, restless  
Keep the incense burning restless, restless, restless  
I see your spirit lurking the left side of my bed and I can't  
Keep my heart from turning outside my chest nightmares  
Keep on recurring restless, restless, restless

I get restless, restless, restless  
I'm so restless, restless, restless  
Why am I so restless, restless, restless

Pills flow in my bloodstream  
Upriver to my brain  
Never bury me underneath  
The city that never sleeps

I'm restless, restless, restless  
Keep the incense burning restless, restless, restless  
I see your spirit lurking the left side of my bed and I'm scared  
I can't keep my heart from turning outside my chest nightmares  
Keep on recurring

I still really really love you  
Love is stronger than pride  
I still really really love you  
Ooh-ooh  
Haha  
Thank you so much, your voice is so beautiful  
Thank you
