How do tattoos take to your skin?  
Are you walking 'round Tribeca with him?  
Can you still smell that Wisconsin wind from that late October?  
And are you gonna make an honest man  
Out of one that doesn't understand  
The difference in a one night stand and finding closure?

I'm taking a blade to my old tattoos  
I'm draining the blood between me and you  
I'm taking a blade to my own skin  
And I ain't never touching yours again  
Yeah, I ain't never touching yours again

How do tattoos take to your skin?  
Is your higher ground ever sinking?  
Do you love people just to win when it's over?  
How do tattoos take to your skin?  
Do you still talk shit on all your friends?  
I'm here to take it all to the chin  
This time stone cold sober

I'm taking a blade to my old tattoo  
I'm draining the blood between me and you  
I'm taking a blade to my own skin  
And I ain't never touching yours again  
Yeah, I ain't never touching yours again  
I'm taking a blade to my old tattoo  
I'm draining the blood between me and you  
I'm taking a blade to my own skin  
And I ain't never touching yours again  
Yeah, I ain't never touching yours again  
Yeah, I ain't never touching yours again  
Yeah, I ain't never touching yours again

How do tattoos take to your skin?  
Are you walking 'round Tribeca with him?  
Can you still feel that Wisconsin wind from that late October?
