

Off White

Zach Clayton

Swish on my kicks, off white
Stripes on my fit, off white
All of my chicks, off white
Man look at my skin, off white
Swish on my kicks, off white
Stripes on my fit, off white
All of my chicks, off white
Man look at my skin, off white
Off white, off white, off white, ooh

Ain't got the cash then luxury isn't for you
Rich people never buy one no they only buy two
I'm on that level they send it before it is new
Off white I still got that melanin
I'm aquafresh like a peppermint
Lay down the law like a parliament
Boy shut your mouth with that arguing
All of those hoes in my garden bed
I do not care what them haters said
Yeah I'mma still get my daily bread
No this is not a coincidence, not a coincidence

Swish on my kicks, off white
Stripes on my fit, off white
All of my chicks, off white
Man look at my skin, off white
Swish on my kicks, off white
Stripes on my fit, off white
All of my chicks, off white
Man look at my skin, off white
Off white, off white, off white

Watch me attack like a great white
Gas up the lear and we take flight
Nobody move till I say hike
Yo girl keep callin my phone
Hit me at three in the morn'
No she won't leave me alone
She know I'm hot as a stove
Simon don't say then I leave it as is
Like my girls hot and I like my girls mixed
Don't like my tracks then I'm snatching your wig
Ballinger boy yeah you know what it is
Look what I did
I'm finna pop off the lid
No they can't play with the kid
Ma ran the biz
While daddy was doing a bid
And now we're doing it big

Swish on my kicks, off white
Stripes on my fit, off white
All of my chicks, off white
Man look at my skin, off white
Swish on my kicks, off white
Stripes on my fit, off white
All of my chicks, off white

Man look at my skin, off white
Off white, off white, off white
Swish on my kicks
Stripes on my fit
All of my chicks
Man look at my skin
Off white
Off white
Off white
Off white
Off white
