You and I will never know
Why I still care and you still don't

I just thought I'd let you know
I miss the way we used to go
I just thought I'd let you go
My worst mistake to let you go

I just thought I'd let you know
You spend hours 'round my mind
Oh, you can waste my time

And I don't want you to go
But I'm mad that you left
And I know that it's not my fault

And I don't cry
But that shit got me tearing up
I know were in a state now
But a party ain't a bad place to go
Reck yourself about and I say

And I don't want you to go
But I'm mad that you left
And I know that it's not my fault

And I don't cry
But that shit got me tearing up
And I just miss your smile
What happened to you and I?

Hear me out
I know we're not in a state now
And a party ain't a bad place to go
Reck yourself about and I say

You don't know what I'm fighting
I wish that I could say those words
That I could say those words

You don't try
Loving ain't so hard, loving ain't so hard
Falling on you
Skin don't touch the same as it used to do
Falling on you
Skin don't touch the same as it used to do
