

Plan For Me

Zach Williams

You had a plan for me
Even though I couldn't see it
You had a hope and a promise for my life

I never walked alone
But I struggled to believe it
Every step I took You never left my side
Oh, every step I took You never left my side

Your relentless love
Ever chasing me
Your amazing grace
Has opened my eyes
And now I can see

I tried to run away
But my life was a disaster
There's not a broken dream that You cannot redeem

You never turned away
Though I gave You every reason
What You have started You were faithful to complete
What You have started You were faithful to complete

Your relentless love
Ever chasing me
Your amazing grace
Has opened my eyes
And now I can see

When I fell down You picked me up
When I was not You were enough
When I was bound You set me free
At my worst You did not leave

When I was darkness, You were light
When I was dead You breathed new life
God, You changed my destiny
And now the only thing I see

Your relentless love
Ever chasing me
Your amazing grace
Has opened my eyes (Ooh)
And now I can see (Oh)

Your relentless love
Ever chasing me
Your amazing grace
Has opened my eyes (Ooh)
And now I can see (Aah)

You had a plan for me
Even though I couldn't see it
You had a hope and a promise for my life
