Nigga got beef, we gon' turn 'em into cold cuts
I'll put your bitch in this North Face
I was in the suburbs fuckin' on divorcees
Fuck 12, bitch I'll wear some Crocs to a court date
Throw that ass on me so hard, that the floor break
Never let the money change me
But all these Hollywood crackers need to pay me
They like, "Damn, why you so angry?"
That's a stupid ass question, bitch, slavery
I was broke now I'm havin'
Eat the pussy like hors d'oeuvres off a napkin
Fuck his baby mama in the car, I'm a savage
Hangin' with his kids watchin' How to Train Your Dragon
If a nigga try me like a hoe then I'ma stab him
Put the yellow tape around a nigga, Steve Madden
Stomp a nigga out until my shoes lose traction
Fuck a deaf bitch and watch Martin with the captions
Put the long dick on her like Dikembe
Break a bitch back so bad, she need BENGAY
Only thing on my mind is wake up and get paid
I'll suck dick to make ends meet if the rent late

That-that-that's how your clear a bitch
Get-gettin' to the money, nigga period
I'm just speakin' from experience
Took your bitch to Egypt, ate her pussy on the pyramids

Why you hatin'? Jealousy
I fucked that nigga grandma, her name was Bethany
She down to ride for a nigga, catch a felony
She used to fuck on Marvin Gaye back in the 70's
I mix Patrón with the Hennessy
New whip, took the top off like a Kennedy
Got a church girl, said she keepin' her virginity
She give me head sometimes so I pay for her Xfinity
Huh, nigga show me my opponent
Catch 'em at the club, I'ma stone-cold stunt 'em
Talkin' on the net but he don't want nothin'
We gon' run up on a nigga, smack his aunty and his cousin (Ooh)

That-that-that's how your clear a bitch
Get-gettin' to the money, nigga period
I'm just speakin' from experience
Took your bitch to Egypt, ate her pussy on the pyramids (Yeah)
That-that-that's how your clear a bitch
Get-gettin' to the money, nigga period
