

# The Madness

Zack Fox

I'm working on dying  
Ayy, woah  
Ayy, ayy, ayy, ayy, ayy  
Bitch, I'm, ayy, ayy  
Ayy

Bitch, I'm tapped in, moving mad quick  
Baby girl, I bring the madness, what's your address?  
In the cut, I'm with a bad bitch like a bandage  
Hit your bitch like, "What's the Wi-Fi? Can I have it?"  
Play Nintendo while we smashing, hand me that Switch  
Bust a nut, make me a sandwich, where my pants, bitch? Where my pants, bitch?  
?

I got a suit and a mask  
She ride around in that [?]  
I'm tryna get money fast, you tryna save the day  
I just threw milk in her face  
She [?] on her face  
I need to pick up the pace  
I'm 'bout to lick up the plate  
I'm 'bout to do the dishes  
[?] I'm 'bout to crank up the bass  
[?] boys pull up with them sticks, we at the castle gate  
I don't want your bitch, get off my dick, I'd rather masturbate  
Oxy in the vodka used to have me fucking aggravate  
Bent out of shape, ayy  
Rent outerspace, ayy  
Tesla X space coupe, ooh, I smell broke in  
Tell my son go back into his room, there's some coke in here  
Talk about me but [?] there's some Locs in here  
Know you smell that (Ha), see them fumes, you might choke in here  
Yeah, ayy, I got [?]  
Yeah, I'm hot, it feel like hell in here  
Five, six, fell into her lips

Know you feel the trap in the room  
Bury me with all the goons  
And them stick sticks gon' boom  
Send a bitch nigga to his doom

Bitch, I'm tapped in, moving mad quick  
Baby girl, I bring the madness, what's your address?  
In the cut, I'm with a bad bitch like a bandage  
Hit your bitch like, "What's the Wi-Fi? Can I have it?"  
Play Nintendo while we smashing, hand me that Switch  
Bust a nut, make me a sandwich, where my pants, bitch? Where my pants, bitch?  
?

Welp, that's all I got

Yeah, tapped in moving mad quick  
Baby girl, I bring the madness, the sadness, 'bout that action
