

Made it all fine through the bad things
If you wanna leave, I won't say, "No"
Baby
Made it all fine through the bad things
If you run from me, I won't say, "No"
Baby
I won't say, "No"

Triflin', if you say so, ooh, ooh, ooh, ooh, ooh, ooh
Triflin', but you won't stop thinking about my love
Won't stop thinking about my love
Won't stop thinking about my love
Won't stop thinking about my love
If you say so (So, so, so)
Triflin'
If you say so (Ooh, ooh, ooh, ooh, hey)
Triflin', but you won't stop thinking about my love
Won't stop thinking about my love
Won't stop thinking about my love
Won't stop thinking about my love

Whatever you decide, we can pretend
Maybe in time, we'll both be friends
Baby
We can both be friends
Runnin' through your mind, you can't pretend
See you 'round town, it won't be tense
Baby
Who can say?

Triflin', if you say so, ooh, ooh, ooh, ooh, ooh, ooh
Triflin', but you won't stop thinking about my love
Won't stop thinking about my love
Won't stop thinking about my love
Won't stop thinking about my love
If you say so (So, so, so)
Triflin'
If you say so (Ooh, ooh, ooh, ooh)
Triflin', but you won't stop thinking about my love
Won't stop thinking about my love
Won't stop thinking about my love
Won't stop thinking about my love

Won't stop thinking about my love
Won't stop thinking about my love
Won't stop thinking about my love
Won't stop thinking about my love
