

# Fallin

Zack Tabudlo

I think I've seen these eyes for sure  
I saw you in my dream before  
Hearts beating inside  
You're really touchin' deep inside  
How'd you do it  
How'd you get this magic in my mind

You got my little heart shaking  
You're driving everyone crazy  
I never felt like this  
First time I'm feelin' all of this  
What's an angel like you  
Doing in my head

And I love the way you look me in the eye  
Seeing your smile makes  
Me wanna damn cry  
Baby, don't be scared  
I'll be here loving you with all I can

Hold my heart, I'm begging you to please don't drop it  
Baby I'm giving everything I got  
You got me fallin', fallin', fallin', fallin', fallin'  
Take my hand  
I'm doing everything I can  
Baby, I need you to understand  
You got me fallin', fallin', fallin', fallin'

Aye girl, you make up the final pieces I need to complete my life puzzle  
A friendly smile, a ride-or-die, my life shuttle  
You been on my mind, settling down, settling in  
Heard a hundred love stories and this is how they begin  
Let's go  
Imma let you in  
Let's go  
Imma let you in  
Let's go  
Here go the key to my heart  
Here go the PIN  
Let's go  
Girl, you're the paint to my art  
Girl, you're the strings to my harp  
Girl, you're the wheels to my car  
Rollin', rollin', rollin', rollin', rollin'  
Love me like Holy, holy, holy  
Body like "my, my, my"  
Everyone that ever had a doubt  
Gotta watch us fly right by  
Real magic by my side  
Riding 'till the day that I die  
Riding 'till the day that I die  
Riding 'till the day that I die

And I love the way you look me in the eye  
Seeing your smile makes  
Me wanna damn cry  
Baby, don't be scared

I'll be here loving you with all I can

Hold my heart, I'm begging you to please don't drop it

Baby, I'm giving everything I got

You got me fallin', fallin', fallin', fallin', fallin'

Take my hand

I'm doing everything I can

Baby, I need you to understand

You got me fallin', fallin', fallin', fallin', fallin'

Yeah you got me fallin', fallin', fallin', fallin', fallin'

You got me fallin', fallin', fallin', fallin', fallin'
