

# This Is Love

Zack Tabudlo

I've been thinking for a while  
I think it's time to say it now  
What's been messing me around  
But I don't know what I'll do and how to say it

We've been friends now for a while  
I just wanna let you know you have a beautiful smile  
I wanna show you who I am  
And what I can do, oh, to make you happy, babe

I never knew you were the one  
That I've been waiting for so long

Baby, do you love me?  
'Cause I've been waiting for  
A thousand years for you to tell me that you love me more  
Baby, is this mutual?  
I want a little rendezvous  
Tell me that you love me, I will always be with you  
Maybe this is lo lo lo lo lo lo lo love  
Baby, this is lo lo lo lo lo lo lo love

Your smile keeps killing me  
And how you flick your hair from the side of your cheek  
Can you be with me tonight?  
Be with me tonight, so I can hold you so tight

You know I just want to see you  
And give you everything that my heart can do  
Can you please do me a favor?  
Give with me your forever, so I can die happy with you

I never knew you were the one  
That I've been waiting for so long

Baby, do you love me?  
'Cause I've been waiting for  
A thousand years for you to tell me that you love me more  
Baby, is this mutual?  
I want a little rendezvous  
Tell me that you love me, I will always be with you  
Maybe this is lo lo lo lo lo lo lo love  
Baby, this is lo lo lo lo lo lo lo love

Baby, this is love  
Baby, this is lo lo lo lo lo lo lo love
