

# Victim

Zack Tabudlo

Oh babe I'll leave tonight  
I won't be coming back tonight  
I ain't a stupid bitch  
Who keeps, who keeps myself all night  
Thinking of you and what I'm supposed to do  
If you're gonna leave me soon

Oh babe who am I kidding?  
I always keep myself submitted  
To your possessiveness  
Oh even though I'm not obsessed  
Why am I so hooked  
If I'm the who loses?  
Every time I move  
You got me locked up with you

Oh my god  
I swear I've been a victim of this  
Fucked up love  
Oh I've been tryna keep myself from  
Leaving you  
But I can't move  
When I see you  
Am I a fool for you?

Can you spare  
My innocence cuz I haven't been  
In love like this  
You push me to the edge cuz I keep  
Pullin' you  
I can't get through  
What am I supposed to do?  
I just keep on fallin' for you

Oh am I really stupid?  
Is it my heart controlling my head?  
You're like a drug to me  
It feels so good when we were starting  
But then you mess me up  
You make me lose myself  
I don't know who I am  
I don't know who I am

I need somebody's help  
To get me out of your dimension  
I need somebody who  
Can treat me with some true affection  
Not like you  
Who keeps me hooked  
Every time I move  
You got me locked up with you

Oh my god  
I swear I've been a victim of this  
Fucked up love  
Oh I've been tryna keep myself from  
Leaving you

But I can't move  
When I see you  
Am I a fool for you? (Am I a fool for you?)

Can you spare  
My innocence cuz I haven't been  
In love like this  
You push me to the edge cuz I keep (Push me to the edge)  
Pullin' you  
I can't get through  
What am I supposed to do?  
I just keep on fallin' for you (I just keep on fallin')

La la la la la la  
La la la la la la  
La la la la la la  
La la la la la la

La la la la la la  
La la la la la la (I just keep on fallin')  
La la la la la la  
(I just keep on fallin')
