

I don't wanna think about the past
I don't wanna think about the future, either
I don't wanna think about the past

You don't have to
You don't have to
Can you believe we're almost 22
You don't have to
You don't have to cry
Can you believe we're almost 22
Know about - you don't even know about...
Can you believe we're almost 22

Fucking JJ
I know there's something behind me, there has to be
Before or first with squeaks
She got like a job offer in Mary Land
Maryland?
I call it Mary Land, haha
Nah, is that just noodles?
Totes [?] last night, fucking lit dude, I lost my voice, fuck
Yo man, what is up, dawg?
My face is fucking up
Just hanging out man, and these [?]

Oh, you think you could see
What you are, within me
Oh, I'm not the one and I know it
Believe me, girl, you're better off looking somewhere else
Somewhere else
Somewhere else
Somewhere else
Somewhere else
