

# Cool

Cool

Yeah, can you tell me that I'm cool?

I've always wanted to be cool

But I'm not that cool, that cool

I just wanna be cool (cool, yeah, yeah)

Yeah, can you tell me that I'm cool? (lalalala la la la, doo, doo)

I've always wanted to be cool (cool, yeah, yeah)

But I'm not that cool, that cool (that cool)

I'm feelin' pretty good (feelin' pretty good)

Life's not bad right now

I can't complain

So I think I might go to this party

That this girl invited me to (oh, oh)

And so I get dressed

I look at myself in the mirror

And I say, "Oh no"

Is that what I really look like?

I don't wanna be me

But that's only half of the time

'Cause inside I know I'm cool, so cool

I just wanna be cool

Yeah, can you tell me that I'm cool?

I've always wanted to be cool

But I'm not that cool, that cool

I just wanna be cool (cool, yeah, yeah)

Yeah, can you tell me that I'm cool? (lalalala la la la, doo, doo)

I've always wanted to be cool (cool, yeah, yeah)

But I'm not that cool, that cool (that cool)
