

Tryna think of what to say
Is it wrong, would it be a mistake?
Can't find the words to explain
If you would call, I'd tell you everything

I'm here waiting, ay ay
I've been waiting all day
(Another day)
I've been waiting, ay ay
You were MIA
(Another day)
I'm here waiting, ay ay
I've been waiting all day
Did you know I missed you?

When no one cares
When they don't get you
Maybe no one does
But they don't get to
I get to
I get you
Through and through
I was always meant to

I'm here waiting, ay ay
I've been waiting all day
I've been waiting, ay ay
You were MIA
I'm here waiting, ay ay
I've been waiting all day
Did you know I missed you?

Did you know?
(I'm here waiting, ay I've been up here waiting)
Did you know?
(I'm here waiting, ay I've been waiting all day)
Did you know?
(I'm here waiting, ay I've been up here waiting)
I've been waiting all day
(Did you know I missed you?)
Did you know?

Who am I to think you missed me too?
Who am I sitting here waiting for you?
Issy I know what you're going through
Issy I

Tryna think of what to say
Is it wrong, would it be a mistake?
Did you know I missed you?
