

Slow Down

Zack Villere

Slow down
We're moving too fast
And honestly now
I'm having my doubts (I'd rather slow down)

Slow down
We're moving too fast
And honestly now
I'm having my doubts (I'd rather slow down)

Just talk
I'll keep listening
To the best of my ability
Over my inner voice reminding me
To keep listening, keep listening

I'll nod
But I forgot
What you, were talking about
I was thinking of what to say back
And I can feel my eyes dart from the right to the left
I guess I have a hard time focusing

Slow down
We're moving too fast
And honestly now
I'm having my doubts (I'd rather slow down)

Slow down
We're moving too fast
And honestly now
I'm having my doubts (I'd rather slow down)

Hey
It's okay
I miss the way you wake me up
Right now I'm sleeping all day
When the way you look at me lines up
With how I feel
I feel good

I saw the sunset northbound
On the causeway
I'm going home now
It's been a long day

I think everyone hates me
But I probably deserve it

But now that I am all alone
I don't have anyone
To disappoint again
And I'm sorry that I haven't been a better friend

It's fine I just hope I don't hurt you
And soon enough you might start noticing
