

Sofie

Zack Villere

Spoke to Sofie since you moved
She was there
In front of you
Anna

You were seeking something new
But she was there
In front of you
And the

Consequences leading to
Centuries of stubborn fools
Anna

Only stays a month or two
She may feel
She left too soon

Spoke to Sofie since you moved

Spoke to Sofie since you moved

Anna
You were seeking new
She was in front of you
Anna
Only stays a month or two
She know she left too soon
Anna
Only stays a month or two
She know she left too soon

Hundred and forty in PH Oasis
The simple side of life
Every time that I look back
I'm faced with
The brown eyes
The wind chill
The patience

It's somebody that you're hiding from
Tenderness I hope you find some
Pessimist you always fighting
Resonance is fitting right in
Tell me what you feeling
We hang on the ceiling
I came down already
