

Sore Throat

Zack Villere

Sometimes I spend all day inside
I feel bad again I wonder why
When it feels like the end
I want you to hold me close

Sometimes I feel like I'm alright
But in the back of my head
I think that I might be dying
When it feels like the end
I want you to hold me close

Am I falling in love
Or just falling apart at will
Sometimes I feel like
We're not meant to be but I know I'm wrong
I wish I knew what it was
I wish I could shut it up
