Flow

Zak Abel

Oh, I've been tryina get you all alone
I've been tryina take it slow, yeah
But I feel a fewer in my bones

Cause tonight we walk the tight rope
Honey I can't take it no more
It's striking my composure
Come a little closer
Just before I let you go

Bring me my flow, oh, oh, oh
Oh, oh, oh
Just before I let you go
Bring me my flow, oh, oh, oh
Oh, oh, oh
Just before I let you go
Break my heart and my body strong
Why'd you keep me hanging on?
Bring me my flow
Cause your love is all I want
Just before I let you go

I've been tryina make you understand
Tryina find the words to say, yeah
But my tongue is tied on your command

And tonight we walk the tight rope
Honey I can't take it no more
It's striking my composure
Come a little closer
Just before I let you go

Bring me my flow, oh, oh, oh
Oh, oh, oh
Just before I let you go
Bring me my flow, oh, oh, oh
Oh, oh, oh
Just before I let you go
Break my heart and my body strong
Why'd you keep me hanging on?
Bring me my flow
Cause your love is all I want
Just before I let you go

Know it's all I want
It's all I want

Bring me my flow, oh, oh, oh
Oh, oh, oh
Just before I let you go
Bring me my flow, oh, oh, oh
Oh, oh, oh
Oho, bring me my, oho, bring me my
Bring me my flow
Oho, bring me my, oho, bring me my, oho
