

Lonely

Zak Abel

Saw me riding on the back seat
When you got me and you called me out
To say I never did try
No, I never did try
When the thunder and the lightning came arising
I wanted all the gold
In front of my eyes
Oh, in front of my eyes

I know I burned
The bridges that we made
To never cross again
But give me something for the pain

Cause I don't wanna be this lonely
I don't wanna be this lonely
I don't wanna feel this low
Oh
This lonely
Tired of letting it control me
I don't wanna feel this low
Oh

Standing on the frontline, there ain't an ally
To call upon
To carry me home
To heal this broken soul

That let me burn
The bridges that we made
To never cross again
But give me something for the pain

Cause I don't wanna be this lonely
I don't wanna be this lonely
I don't wanna feel this low
Oh
This lonely
Tired of letting it control me
I don't wanna feel this low
Oh

Let love overcome me, let love show me mercy
Let love take me from this place

Cause I don't wanna be this lonely
I don't wanna be this lonely
I don't wanna feel this low
Oh
This lonely
Tired of letting it control me
I don't wanna feel this low
Oh

I don't wanna feel this
I don't wanna feel this
I don't wanna feel this low

Oh
